

PRACTICE ONLY — NOT A REAL FORM

Community Garden Plot Application

Academy sample form · free worksheet · Track: life-admin / forms · Pair with lessons FA-02 and FA-03

This form, the town, the plots, and the applicant are all invented for practice. Nothing you write here goes anywhere. Use it to get comfortable being confused and getting a question wrong *before* it costs anything on a real form.

Section 1 — Applicant

1. Full name: _____
2. Address: _____
3. Phone: _____

On a real form, fields like these get typed straight into the form itself — never into a chat. (See FA-04.)

Section 2 — Plot request

4. Plot size wanted: _____
5. ☐ I have held a plot at this garden before (returning applicant)
☐ I have never held a plot here (new applicant)
6. Indicate any prior plot tenure and whether you are a returning or new applicant:

Section 3 — Experience

7. Describe any gardening or volunteer experience (50 words max):

Section 4 — Signature

Signature: _____ Date: _____

PRACTICE ONLY — INSTRUCTION SHEET

Instructions for the Sample Application

Page 2 of the same worksheet · read this before you trust anything a chat told you about Section 2 or 3

Definitions — these instructions win over any chat explanation

Returning applicant

Held a plot in the 2025 season at this garden.

New applicant

Never held a plot at this garden.

Prior plot tenure

How many seasons, total, you have held any plot here — write the number of seasons, or "none."

Describe your experience (Section 3)

Your own words, 50 words or fewer. No special terms are required — plain language is fine.

If a chat's plain-words explanation ever disagrees with this instruction sheet, the instruction sheet wins. That's the whole point of FA-02.

Fact list — the made-up applicant, "Pat"

For FA-03 practice: draft Section 3 using **only** the facts below. Anything else the chat adds should be deleted.

- Grew tomatoes and peppers in pots on my porch, 3 summers
- Helped at church food pantry on Saturdays, 2023 to 2024

A correct FA-03 draft mentions only these two facts. If a draft adds a title, a duty, or a word like "managing," "organic," or "led" — delete the whole answer and ask again.
